

HOW TO USE YOUR EcoPress™

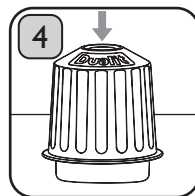

1 Place the EcoPress™ Bucket on a flat surface

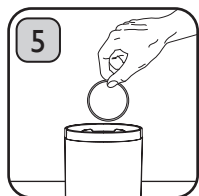

2 Line up the markings on the Lid and Bucket and twist to lock in place

3 Place the used aluminium coffee capsule, foil side down, over the hole on the Lid

4 Place the Pusher over the Bucket and apply downward pressure with both hands

5 Lift the Pusher and remove the paper gasket (applicable for Dualit aluminium capsules)

6 Remove the capsule

7 Rinse off the remaining coffee grounds from the aluminium capsule

8 Recycle the aluminium capsule, paper gasket & coffee grounds*

Warning – only suitable for use with used aluminium coffee capsules
Warning – allow capsules to cool completely before using the EcoPress.
Capsules will be hot immediately after extraction.

HOW TO CLEAN YOUR EcoPress™

- *The coffee grounds can be home composted, placed in a food waste bin or general waste bin.
- The Bucket will hold the coffee grounds of 10 aluminium coffee capsules.
- The EcoPress™ is suitable for the top rack of the dishwasher, on a sub 40 degree wash cycle.

TOP TIPS FOR YOUR EcoPress™

- We recommend you rinse your capsules in a colander with your washing up water.
- The coffee grounds collected in the bucket can be home composted, placed in a food waste bin or general waste bin.
